Dimensions for shackles are calculated by multiplying the common link size by the factor shown below

### Dimensions related to nominal chain diameter

- A = 1.00 x chain diameter
- B = 6.00 x chain diameter
- C = 3.37 x chain diameter
- D = 1.10 x chain diameter
- E = 1.09 x chain diameter
- R = 0.65 x chain diameter

Tolerance: Machined parts  $\pm 1$  mm
